

Round

Halogen round 45mm retrofit energy efficient lamps for use in a multitude of luminaires with a choice of wattage and cap types. Packed in single cartons.

- 2,000 hour life
- Energy saving
- BC-B22d, SBC-B15d, ES-E27, or SES-E14 caps
- Clear finish
- Dimmable
- UV stop glass
- Internally fused for safety

* 42W cap down operating position only.

The switch-on surge of a mains voltage halogen lamp is higher than that of an incandescent lamp and hence it may be necessary to reduce the total wattage per circuit to avoid nuisance tripping of associated breakers. The use of dimmers will exacerbate this problem and, in extreme circumstances, it may be necessary to reduce the installed wattage by 50% of the breaker's rate capacity. If in any doubt, please contact a qualified electrician.
